Match the intercultural interactions with the descriptions.

Migration – Online gaming - Business negotiation – Cultural exchange program – Tourism encounter

- 1. A British company sends representatives to negotiate a business deal with a Brazilian firm. The British are known for their formal and polite communication style, while Brazilians are more relaxed and expressive. This negotiation involves navigating these cultural differences to reach a mutually beneficial agreement. \_\_\_\_\_
- 2. A group of American high school students visits India as part of a cultural exchange program. They stay with Indian host families, participate in traditional rituals, and learn about Indian customs and values. This interaction promotes cultural understanding and appreciation. \_\_\_\_\_
- 3. A group of tourists from Europe travels to a Maasai village in Kenya. They interact with Maasai tribespeople, learn about their nomadic lifestyle, and even participate in some of their daily activities, like herding cattle. This encounter allows for a cultural exchange between tourists and the Maasai people. \_\_\_\_\_
- 4. Players from different countries team up in an online multiplayer game. They communicate and strategize to achieve in-game objectives, often overcoming language barriers through gaming-specific jargon and teamwork, illustrating how shared interests can bridge cultural divides. \_\_\_\_\_
- 5. A Mexican couple journey to the USA, in search of work and stability. Overcoming challenges, they construct a new life, learn English, and attain U.S. citizenship. Their path showcases determination and the pursuit of the American dream. \_\_\_\_\_
