

Language Learning Games

What can you remember?

Type: Mainly vocabulary and spelling

Family: Remember

Aim:

- To use memory skills with specific vocabulary.

Preparation: Choose a picture which will elicit the language you want to practice.

Target Language:

People: Doctor, surgeon, nurse, patient, pediatrician, orthopedist, obstetrician, dentist, etc.

Places: Waiting room, consulting room, bathroom, delivery room, emergency room, intensive care, nursery, pharmacy, ward, etc.

Things: Ambulance, blood, lab coat, medicine, prescription, surgery, wheelchair, stretcher, food, x-rays, file, vending machine, etc.

Procedure

1. T shows a picture to the class for 20 seconds, and then turns the picture away.
2. T asks Ss questions about what they remember about the picture.

For example:

What did you see?

How many people were there?

What were they doing?

What did they look like?

How old were they?

What do you think they might have been saying or thinking?
