

Causes and effects 1

Date: _____

I. Make drawings to represent the cause(s) and effect(s) of the following problems. Look at the example.

	Problem	Cause(s)	Effect(s)
	 Low grades	 Play too much video games	 Get grounded
1	 Bullying		
2	 Depression		

II. Read the testimonies and guess what problems are. Then, match the problems with the effects.

Testimonies (Causes)

- My best friend is a school cheerleader. In the team, her partners are really skinny. She started gaining inches and pounds all over her body. She looks worried.
- These days, in my neighborhood there are a lot of trash everywhere. People litter cigarette butts, plastic bags, old tires and plastic bottles. I'm worried because it's going to start the rainy season.
- My parents send text messages all the time when they're driving. I think it's dangerous.

What is the problem?

- _____
- _____
- _____

Effects

- I. () Loss weight II. () Infections III. () Death IV. () Injuries
V. () Broken bones VI. () Jail VII. () Sadness VIII. () Suicide
